Experience and Training

TheSpark Foundation   **Jan 2024 - present**

Developer Trainee   *Remote*

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Apex Testing of Triggers and done the Apex Debugging using the developer console
- Utilised Trailhead to provide a continuous integration service in order to automate the entire process of loading the latest.
- Explored ways to visualise and send a daily report of test results to Trailhead Team using CRM Tools.

CodeSoft   **December 2023 - January 2024**

web dev Intern   *Remote*
- Worked on a web app which is built using js, Bootstrap and worked with CRUD functionality.

CodersCave

Content Writer

- I served as a dedicated content writer for CodersCave contributing extensive knowledge and insights to the tech community through my role.
- My writing aimed to engage and inform the readers, fostering a deeper understanding of complex concepts.

Personal Projects

Portfolio | *Javascript,React,Hooks,Css*   **March 2023**
- Created a dynamic portfolio using HTML, CSS, and JavaScript, showcasing my skills and projects. The minimalistic design ensures a clean user interface, allowing easy navigation. Implemented responsive elements to enhance accessibility across devices.
- Leveraged CSS for styling, creating an aesthetically pleasing visual experience. Integrated JavaScript for interactive features, including a project gallery with smooth transitions.

Real Estate Web App | *React,Chakra Ui*   **December 2023**
- Created an Web application using react with rental homes and for-sale properties,advanced property filtering, property details page with an image carousel.
- Implemented Api fetching using Axios
- Utilised the Chakra Ui to create the UI for the application.

Zomato Clone| *Reactjs, Frontend*

- *Developed a Zomato clone webpage using React for the frontend.*
- *Crafted an intuitive user interface with features mirroring the popular food delivery platform.*
- *Implemented seamless navigation, interactive menus, and a responsive design for optimal user experience.*
